Part course, part reference guide, and part personal grammar consultant, Grammar Advisor is dedicated to answering the most common questions encountered in an EFL classroom. As an online resource, it is available whenever you need it—and you can even direct your questions to a real live grammar expert! Grammar Advisor is a great complement to a TEFL certification course, or for teachers who are already in the classroom.

Why Grammar Advisor?

- ***It's comprehensive!***
From words and sentences to tenses and teaching tactics, Grammar Advisor gives you all the grammar you're likely to need in the EFL/ESL classroom.
- ***It's accessible from anywhere 24/7!***
If you've got access to the Internet, you've got Grammar Advisor. It's especially convenient if you're abroad where it might be difficult to find a decent grammar book.
- ***It's geared toward teachers!***
Most grammar resources only tell you the rules of grammar, not how to teach it. Grammar Advisor gives you both with an entire section dedicated to showing you how to teach the grammar you've learned.
- ***It's powered by real people!***
Grammar Advisor gives you access to living, breathing expert grammarians that answer your specific questions. It's like having your own grammar expert standing by to assist you!
- ***It's fast and easy!***
With its powerful search engine and user-friendly navigational tools, Grammar Advisor lets you look up the information you want instantly without wading through an index or table of contents.
- ***It's interactive!***
Animated characters, self-check quizzes, a built-in glossary and other interactive features make Grammar Advisor dynamic and fun to use.
- ***It's created by the experts!***
There's a lot of information available online these days, but not all of it is reliable. Unlike Internet forums, with Grammar Advisor, you're guaranteed that an experienced expert is giving you the correct answer.
- ***It's a resume-booster!***
You can't get a certification from reading a book, but you can with Grammar Advisor! Just complete the final exam and get a specialized certificate in grammar to make your resume stand out from the crowd.
